WORK EXPERIENCE

WriteCream | Full Stack Developer Intern

Feb 2025 - July 2025

- Integrated **AI APIs for content and image generation**, enabling dynamic story creation and automated visual assets.
- Built **responsive web interfaces** and seamlessly connected them to AI-powered backends to deliver end-to-end generation workflows.

Grootz | Web Development Intern

Jul 2024 - Nov 2024

- Developed a **production website with modern UI/UX** using React and backend technologies.
- Collaborated with a team to build and ship an **ed-tech community platform** used by real users.

PROJECTS

Contently | Next.js, Convex, TypeScript, Tailwind | [Live Link](#)

- Built a **full-stack content creation platform** with real-time feeds, comments, and **AI-powered writing tools**.
- Implemented dashboard, rich-text editor, image uploads (ImageKit), authentication, analytics, and social features, deployed on Vercel.

Spott | Next.js, Convex, Tailwind, shadcn/ui | [Live Link](#)

- Developed a **full-stack event discovery and management platform** enabling users to explore events, create events, manage tickets, and track activity with a clean, responsive UI.
- Implemented authentication, event & ticket system, and UI components; deployed on Vercel.

BloggingByte | Node.js, MongoDB, Express | [Live Link](#)

- Built and deployed a **scalable blogging platform** with JWT authentication, dynamic author profiles, and interactive features to drive user engagement and performance.

TECHNICAL SKILLS

Languages: Java, C++, JavaScript, TypeScript, HTML/CSS, MySQL

Technologies: Angular 17, React, Next.js, Node.js, Express, MongoDB, Spring, Spring Boot, Docker, Jenkins, Kubernetes, AWS
